Located at the heart of bustling Midtown, the SELDEN is Detroit’s newest residential condominium development.

The SELDEN is a 12-unit luxury development, rich with amenities and well placed along the Woodward corridor. Its contemporary architectural design, and innovative use of materials and design products, puts it into a category of its own, best described as sleek “neo modern”. Designed by BmK Associates, and realized by The Ferlito Group, the SELDEN manifests the concept of New Urbanism, which suggests that walkable neighborhoods promote better cities, more vibrant communities, and a healthier lifestyle.

The building itself is within close walking distance to shopping, dining, art, groceries, and public transportation. It goes a step further by engaging the neighborhood and residents in the 1st floor retail/restaurant space, thereby also making the SELDEN a destination and a new landmark in midtown. Residents will enjoy the conviviality and convenience of the shared rooftop terrace, dog wash, bike room on each floor and secured storage in the basement. Many people may find that from the Selden, they can now walk to work, or hop on the QLINE -M-1 rail- to get there.

The SELDEN offers a refreshing array of urbane material design selections from which new residents may choose. Buyers may select and reserve their specific condo units now, and be involved in the construction progress with updates, invites, photos and events until the closing at final occupancy, which is expected in summer 2017.

The SELDEN is a boutique condominium development. Most importantly, it offers inspiring lifestyle upgrades such as expanding your connection to the community, enhancing your free time by saving you a commute, and putting entertainment options at your fingertips.
Our Location

The SELDEN is located on Selden Street between Cass and 2nd. The convenient location makes it easy to enjoy the diverse and abundant Midtown amenities, such as dining at Selden Standard, listening to the DSO at the Max Fisher, and boutique shopping along Cass. It is also just 0.3 miles away from the new MLK M1 Rail station, 6 blocks from the new Hockey Arena & entertainment district and within a few minutes from Detroit Downtown.
